SUMMARY

Master’s student (SAP specialization) with 1.5+ years at SAP Walldorf and experience supporting cross-functional delivery and stakeholder communication in Agile ways of working (Jira). Hands-on in SAP Analytics Cloud (SAC) data products (dashboards/stories, KPIs, linked analysis, calculated measures, data profiling) and SAP UI5/Fiori application development (JavaScript, UI patterns, OData concepts). Seeking a working student role in AI, Data & Analytics product management to support roadmap coordination, prioritization, and clear communication across teams.

SKILLS

SAP Analytics & Data	SAP Analytics Cloud (SAC), story design, KPI definition, interactive dashboards, linked analysis, geo-mapping, data modeling, calculated measures, data profiling.
Automation Pipelines	/ ETL pipelines, workflow automation concepts, data quality checks, repeatable analysis documentation.
SAP Development	SAP UI5, SAP Fiori, Fiori Elements, OData concepts, RESTful APIs (concepts), SAP S/4HANA basics; ABAP awareness (RAP, CDS, AMDP).
Product & Delivery	Requirements engineering, stakeholder management, prioritization support, project coordination, reporting/presentations, Agile/Scrum, Jira.
Programming Tools	& JavaScript (ES6+), Python, SQL, HTML5/CSS3, Git/GitHub, VS Code, Eclipse ADT, SAP Business Application Studio.

EDUCATION

M.Sc. – SAP Engineering & Analytics Hochschule Fresenius	Oct 2025 – Sep 2027 (enrolled) Heidelberg, Germany
M.Sc. – Enterprise Systems (SAP Specialization) Hochschule Fresenius	Expected 2026 Heidelberg, Germany
• Focus: ERP systems, data analytics, digital transformation strategy.	
M.Des. – Communication Design MIT Institute of Design	2015 – 2018 Pune, India
B.E. – Computer Engineering Ganpat University	2010 – 2013 India

PROJECTS & ACADEMIC WORK

End-to-End Sales Analytics Product SAP Analytics Cloud (SAC)	Jan 2026
• Built a 3-page interactive SAC analytics product turning 1,000+ sales records into executive and operational insights, designed for C-level KPIs and analyst drill-down workflows.	
• Created a Pyramid Analytical Framework and persona-driven story structure; implemented linked	

analysis for one-click cross-page filtering by region and product.

- Engineered calculated measures (e.g., Profit Margin %, cost ratios) and profiled 14 dimensional fields across 7 global regions to improve reporting completeness and consistency.
- Delivered self-service exploration using interactive filters (Item Type, Sales Channel Online/Offline) to reduce time-to-insight for regional managers.

Automated Salary & HR Management Web Application

Oct 2025 – Present

SAP UI5, JavaScript & Fiori Elements | github.com/ravalvarun-SAP

- Developing a salary management web app using SAP UI5 and Fiori design principles for clean UX, validation, and reliable business logic in HR workflows.
- Implemented time tracking and salary calculations with overtime computation, plus benefits modules (vacation days, provident fund, health insurance deductions) and advance payment tracking with deduction schedules.
- Added real-time dashboards using SAP UI5 charts; implemented error handling, input validation, responsive design; used Git feature branching.

SAP UI5, OData & Data Visualization

Oct 2025 – Present

- Designed SAP UI5 interfaces aligned with SAP Fiori 2.0 concepts and consumed OData services to build interactive, data-driven views.
- Implemented filtering, sorting, aggregation, and dashboard visualization patterns for improved usability and exploration.

EXPERIENCE

Communication & Production Specialist

Oct 2024 – Mar 2025

SAP – Transformation Advisory Center MEE @ Immersive Experience Studio (IX Studio) Walldorf, Germany

- Supported transformation advisory initiatives for Middle and Eastern Europe by producing stakeholder-ready materials and keeping deliverables aligned with timelines and expectations.
- Coordinated with cross-functional contributors to deliver client-facing outputs; supported structured production workflows using SAP tools and platforms.

Digital Assets Curator & Communication Expert

Jun 2024 – Oct 2024

SAP – Non-Commercial Licensing

Walldorf, Germany

- Managed asset curation and licensing compliance workflows end-to-end, maintaining documentation quality and attention to detail for stakeholder requests.
- Ensured compliance with IP guidelines and improved clarity/traceability of assets used in communication projects.

Content & Communication Expert

Aug 2023 – Jun 2024

SAP – Demand Management, Services Sales MEE @ MME Services Sales DemGen Walldorf, Germany

- Created and managed content supporting Services Sales initiatives across MEE and contributed to demand generation planning through structured communication.
- Collaborated with sales teams using Jira in Agile sprints to track tasks, unblock work, and maintain delivery transparency.

CERTIFICATIONS

SAP Analytics Cloud (SAC): Demonstrated proficiency via project portfolio.

S/4HANA ABAP/CA Training (Jun 2025): RAP, CDS, AMDP; ADT/Eclipse; debugging and optimization.

ADDITIONAL

Work authorization: Eligible to work 80 hours per month or full-time internship in Germany.

Languages: English (Fluent/Native), German (Intermediate / B1).

Location: Open to Berlin (hybrid) and other German locations.
